

Luggage straps perfect for backpackers.

Luggage straps – Long (over 120cm) and strong PP strap are perfect to fix additional luggage (eg. inflatable mates) to the backpack, compression strap for the sleeping bag, additional close for the travel bag or use it as a belt for pants.

Product Description

Luggage straps by BUSHMEN- Long (over 120 cm) and strong PP strap are perfect to fix additional luggage (eg. inflatable mates, tent or others) to the backpack, compression strap for eg. the sleeping bag, additional close for the travel bag. They can be used as a spare belt for pants or in any other situation where a good long leash is necessary.

Situations when you have something to fix, bind or fasten on camping and traveling are amazingly often – remember to be ready!

Also it's a good method to keep kids away when you want to get a nap (we didn't make it yet, but sometimes we wish to make it happen ;-)).

Available in two color versions:

black/yellow

yellow/black
